

Community Donations and Sponsorship Program

Are you putting together an art show? A music show? A garden seed swap? Do you have an organization that meets every week and only eats pizza? Never fear! We can help you!

The Food Co-op has a limited budget to help artisans and activists in need.

- If you are putting together an event and want the Co-op to sponsor you with food or a gift certificate, we can. For example, we've sponsored numerous food-themed films from Hope Dance at the Faulkner Gallery.
- If it's a large scale event, we can offer you wholesale pricing for food. (we've done a lot of these, like the UCSB Sustainability Conference, UCSB Queer Western Regional Conference, etc).
- We are certified campus caterers (for UCSB), and that means that we are university approved to cater for your next meeting. We are also approved by the County Department of Public Health to provide general catering services around town, which we do on a limited basis.

.....and we **LOVE** unique, random, creative invitations to help you make your endeavor more successful by being able to offer free Co-op snacks. Just try us, we'll probably say yes.

caveat: the Co-op cannot endorse political candidates, propositions, or anything of that nature UNLESS it is specific to food. We are a non-partisan organization that is owned by the community, and it is the intention of this program to affiliate with like-minded people doing cool things.
